Future Meetings

- We held only three meetings last year and that will be the number this year too.
- The next meeting is likely to be on November 4 and 5, 2003 at the Raytheon Auditorium in Landover/Largo/Upper Marlboro MD. **Note that Tuesday the 4th November is election day; get your absentee ballots.**
- In March 2004, we will meet again at the Sony Auditorium on Zanker Rd in San Jose CA. The exact dates will be announced on our web site.

Site Visits

- On Tuesday the 22nd July 2003, we will be touring the Head Wafer Fab here. More details from Tom Nelson.
- On Wednesday the 23rd July 2003, we will be carpooling at 1330 for the drive to InPhase Technologies in Longmont CO. There will be a briefing followed by demonstration of a compact holographic recording and playback machine. This is about the size of a breadbox and uses a green laser. All the optics, electronics and software associated with the demo unit have been developed by InPhase.

Registration

- Please use the registration form e-mailed to you, or available from our website, to send in your registration. We need a precise count of the attendance so that we can order refreshments for the breaks, and food for the lunch in the right amounts.

Meeting session chairs and speakers

- Now that we have the dates for the next two meetings, we are seeking speakers, as well as session chairs to help organize the meetings.
- Please publicize the THIC meetings in your organization, and encourage your colleagues to participate.
- If your organization can sponsor a THIC meeting, please contact one of the members of the Board of Directors.
